Nothing Less Than Break of Diplomatic Relations With Germany Believed Possible in Washington

ADMINISTRATION SILENT BUT BREAK BETWEEN U. S. AND GERMANY EXPECTED

LANSING REFUSES TO EXPLAIN THE DELAY

WASHINGTON, Feb. 2.—Secretary Lansing today authorized the statement that so far no communication has been sent to Germany. He refused to say whether any instructions had been sent to Ambassador Gerard and declined to explain the delay in the United States announcing its course. He said he was not prepared to say whether any announcement of the course of the American government would be made today.

President Wilson continued his silence but it is believed that the cabinet will be informed this afternoon of the course decided upon. Officials on every hand believe that nothing less than a break of diplomatic relations between the United States and Germany will be the ultimate result of the situation.

Count Von Bernstorff made it clear in a statement that Germany's threat is not directed against American lives or American property and that it cannot, in Berlin's opinion, be regarded as more illegal than the acts of England. The United States has submitted to England's stopping of all trade between the United States and Germany for two years and should not, Berlin feels, object to a similar check on the commerce between this country and Great Britain for two or three weeks.

50,000 AMERICANS ARE FIGHTING WITH THE ALLIED ARMIES

WITH THE BRITISH ARMIES IN FRANCE (Via London), Feb. 2.—Nearly 50,000 Americans are fighting for the Allies and nearly four-fifths of this number are with the British.

"LEAK HEARINGS TO" BE RESUMED AT THE CAPITAL TOMORROW

WASHINGTON, Feb. 2.—Chairman Henry today announced that the "leak" investigations hearing will be transferred to Washington tomorrow, beginning there at 10:00 o'clock.

George A. Ellis, of E. F. Hutton and company, who has been ill in Georgia, will probably be the first witness. Ellis wrote the message which E. F. Hutton and company sent out, warning brokers of the coming of the president's note.

The hearing today began with the testimony of W. Frank Packard, a telegraph operator.

Up to the time the cabinet assembled this afternoon there was no outward change in the submarine situation. The cabinet members assembled uninformed of the president's plans.

MRS. ETHEL BYRNE GETS PARDON FROM GOVERNOR

NEW YORK, Feb. 2.—Mrs. Ethel Byrne is in the hospital today recovering from the effects of her hunger strike undertaken as a protest against a 30-day sentence for disseminating birth control literature. Governor Whitman pardoned her with the understanding that she is not to again break the law.

PERSHING'S ARMY TO CROSS THE BORDER AS A UNIT MONDAY

TEMPORARY FIELD HEADQUARTERS, ODO FEDERICO, Chihuahua, Feb. 2.—The American punitive expedition being withdrawn from Mexico will assemble at Palmas, six miles south of Columbus, New Mexico, and cross the border as a unit numbering more than 10,000, on the fifth of February.

The formal order of withdrawal was received by General Pershing January 27, but preliminary preparations were begun a week previous to that date. Rumors that Villa is close behind the expedition is causing numerous airplane reconnaissances.

SLIGHT BLAZE CALLS OUT FIRE TRUCK THIS MORNING

The city fire department was called about 11:00 this morning to the home of Rev. M. T. Carey, colored, on the corner of South and Second streets where the roof of the house had caught from chimney sparks, causing a few dollars extent of damages. The firemen, on arrival, found it necessary to hop a small hole through the roof of the house in order to entirely extinguish the small blaze.

U. S. INVESTIGATES SINKING OF GERMAN SHIP AT CHARLESTON

CHARLESTON, S. C., Feb. 2.—A party of Federal officers today made a thorough investigation of the wreck of the German freighter Liebenfels, which sank in the harbor yesterday, under conditions leading marine men to the belief that she was scuttled. The officers were acting on instructions of the treasury department. Later Collector of the Port Peters, took formal charge of the vessel.

EVEN FLORIDA NOT TO ESCAPE SLIGHT FREEZE

WASHINGTON, Feb. 2.—Severe cold overspreads the United States east of the Rocky mountains today, except south and central Florida. Even colder weather is predicted for tomorrow, with freezing temperatures to southern Florida and 25 degrees above zero in central Florida. The temperature in the Southern states today ranged from zero in the middle Mississippi valley to freezing in northern Florida.

A light, drizzly rain in this locality last night was followed by a drop in the temperature this morning to 38 degrees and the mercury has reached barely above 40 degrees today, although the sun has shone brightly. A strong, cold wind has prevailed from the north. Should the temperature go no lower than predicted in the foregoing forecast no great damage will result to citrus trees, although peaches and some other fruits and vegetables will probably suffer. Oranges will stand a cold of 26 degrees for several hours, but the warm weather prevailing through January has brought the sap up in the trees and they are full of tender growth and flower buds which will not long withstand a freezing temperature. A continuance of the wind now prevailing will tend to safeguard the orange industry, provided the temperature does not fall much below the freezing point tonight.

WAR SUMMARY

Although signs are appearing of probable important developments on the Franco-Belgian front there is little activity in the war theatre. Artillery activity on the British front in northern France has been renewed and German airplanes are busy in that section. Bombardments also continue on the Somme front. Very little activity is reported on the Russian and Rumanian fronts. Berlin reports nothing in these regions.

Mr. and Mrs. L. E. Ellenwood and Mr. and Mrs. W. W. Carter returned Thursday evening from a week's automobile tour to Miami and other points down the coast. They had a very enjoyable trip and a pleasant visit with friends in the Magic City.

FORTY DEAD AND 40 INJURED BY CHICAGO TENEMENT EXPLOSION

CHICAGO, Feb. 2.—Forty are believed dead and 40 injured as the result of a gas explosion and fire in a tenement house in the heart of Chicago's foreign district early today.

The injured and other residents of the district were forced from their homes scantily clad. The temperature was 10 below zero.

Later two women and two girls were taken unconscious from the ruins. The body of one identified man and another dead woman were found. Firemen say burning gas made the ruins so hot that a thorough search is delayed.

Seven different investigations have been started. The property loss is not known.

SPANISH MACARONI.—Fry onions in a bit of butter and olive oil until brown; add a tablespoonful of Worcestershire sauce and a tablespoonful of macaroni into boiling water, salted, and cook until tender, about twenty-five minutes. Place the drained macaroni in a buttered baking dish and pour the onions and half a can of tomatoes over it. Mix well and sprinkle with grated cheese. Bake a half hour in a moderate oven.

Richelleu Rice.—Put three tablespoonfuls of rice in a little water and let it stand until swollen, adding a piece of butter. When the rice has absorbed all the water add a pint of milk. Sweeten to taste. Add a few raisins, chopped orange peel and crystallized cherries or other fruit. Place it on a fire and when the mixture is cooked the rice ought to be creamy. Add the yolk of an egg. Stir well, pour into the mold and let cook. Turn out and serve with the following sauce: A pint of milk, sugar to sweeten and vanilla. Let it boil and then stir in a tablespoonful of cornstarch, mixed in water till smooth. Let it boil. Stir for a few minutes. Take it from the fire and add the yolk of an egg. Pour on the rice. Shape and serve cold.

Rice Croquettes.—The rice should be simmered in milk until quite soft, a flavoring of vanilla, lemon peel or bitter almonds being added when the rice is almost done. Sweeten, cool and form into balls. Dip in beaten egg and sprinkle with breadcrumbs. Fry in deep fat for ten minutes, turning them about that they may be equally browned. Drained greasy moisture from them by placing on cloth before the fire for a minute or two. Pile on white doily and send to table.

Quick Aspic Jelly For Borders.—For one quart of water allow two and a half ounces of gelatin. Soak the gelatin for an hour in a cupful of this water. In the remainder of the water cook one onion sliced, the juice and grated rind of one lemon and season lightly with salt, pepper, whole pepper corns, allspice and cloves; add a couple of bay leaves and a tablespoonful of tarragon vinegar and simmer gently twenty minutes. Add the soaked gelatin that has been dissolved by setting in a basin of hot water; stir well, strain and mold either in a border or a shallow pan from which it can be cut in squares for a garnish. A tablespoonful of lemon extract makes a tasty aspic.

FALSE FRIEND'S "EVIL SELF" SEEN ON SCREEN

Julius Steger will be seen as star in the new Metro-Rolle production "The Stolen Triumph" at the Crystal theatre Saturday.

"The Stolen Triumph" is one of the most dramatic and tense plays ever screened and it carries with it a great moral lesson. Stephen Hunt, the theatrical manager in the story, stole from Edwin Rowley, the playwright, his great play but its success brought misery to both men.

In the photodrama a devil, symbolic of Hunt's evil self is shown. It is an allegorical spirit but it is always present and ever tempts Hunt to thrust aside his better self and blind his conscience. In a dramatic scene where the theatrical manager has his great "self battle" this evil spirit actually appears on the screen behind him and urges him to steal the play. Against this sinister power of his "evil self" his own sense of right and justice seem unable to assert themselves. His conscience is crushed and for a time he is completely in the clutches of his "evil self."

All this is actually shown in the great picture. Coming from nowhere the devil in person is seen battling with the man for supremacy and when he has won and the good in the man is broken, the evil spirit fades away as mysteriously as it appeared.

The character of Stephen Hunt, the theatrical man, in whose heart this battle between good and evil takes place, is played in a finished manner by Harry Burkhart.

MARY PICKFORD WAS RESCUED FROM WAVES

The Massachusetts coast at Marblehead was selected for the staging of exterior scenes of "The Pride of the Clan," the new Scotch picture in which Mary Pickford will be presented by Arctura at the New Daytona theatre Monday and Tuesday.

On the rocky Marblehead shores, Mary Pickford and the members of her company lived for several months making the new picture under the direction of Maurice Tourneur, the famous French producer whose picture work in this country ranks as the most artistic of the screen. In one of the incidents of the story Mary Pickford appears on a half sunken fishing boat and in this scene she was forced to enact bits of realism that proved distinctly real and which the camera has faithfully recorded. The craft, a very rickety and water soaked veteran, sprung a leak just as the important part of the scene was being filmed. It was only after considerable difficulty that Director Tourneur rescued the famous star from the lashing waves.

Several other scenes about the old bulk were staged later during the chilly mornings of November and resulted in Miss Pickford getting several severe wettings. It will never be shown in the picture but there was in hiding one of the high rock cliffs a small electric launch, in which was Miss Pickford's maid and several changes of dry clothing for many changes were made. Perhaps this ought not to be told and may break into the glamour and the truth will come out even in a newspaper story about a motion picture production.

Youth.

Youth is not a time of life. It is
not a matter of ripe cheeks, red lips
and supple knees; it is a temper of
the will, a quality of the imagination,
a vigor of the emotions. It is the
freshness of the deep springs of life.
Nobody grows old by merely living a
number of years. People grow old only
by deserting their ideals. Years
wrinkle the skin; but to give up en-
thusiasm wrinkles the soul.—Dr.
Frank Crane.

What Manufacturing Is.

All industrial operations may be ap-
proximately divided into two classes,
viz.: Transportation and transforma-
tion. In other words, all work has for
its object the movement of material
from one place or position to another,
or the performance of some operation
upon that material which changes its
shape, character or relation to some
other object.—H. L. Gantt, in the En-
gineering Magazine.

Had An Eye to Business.

Customer—"I've called about the
cough mixture I bought. The first
dose cured me." Chemist—"The in-
stantaneous effect of that preparation,
sir, has been remarked by everybody."
Customer—"It's amazing; and, as
there's only one dose gone, I thought
perhaps you'd change what was left
for some photographic plates."—
Punch.

Perseverance Has Won.

In the past the nation has made
many blunders and has been guilty
of many shortcomings, and yet in the
end we have always come out victori-
ous, because we have refused to be
daunted by blunders and defeats have
recognized them, but have persevered
in spite of them.—Theodore Roosevelt.

CLEMENT D. CATES & CO.
Members of New York Cotton Ex-
change and Chicago Board of Trade

T. J. Babcock: "Cannot imagine
anything more to come to unsettle the
stock market except a diplomatic
break with Germany. As practically
everyone expects this, the shock, if it
comes, will be slight. Would take ad-
vantage of breaks from now on to
buy good stocks, especially rails. We
have all the wealth there is in the
world and this will be increased while
the war lasts but at a more moderate
rate than we have been accustomed
to for two and one-half years. The
inflation in many securities has been
corrected and the entire market is
now at a safe and sane level or near-
ly so, in my opinion."

American Beet Sugar today declar-
ed an extra dividend of \$12 a share
on common stock. The regular quar-
terly dividend was raised from \$6 to
\$8 a share, and the regular quarterly
dividend of \$150 on the preferred
stock was also declared.

The Standard Oil company of New
York today declared a quarterly di-
vidend of \$2 a share payable March
15 on stock of record February 23.

The suit against the American Sa-
gar company has been dismissed in
the supreme court.

World's Debt to the Unsatisfied.

Those who are quite satisfied sit
still and do nothing; those who are
not quite satisfied are the sole bene-
factors of the world.—London.

Father's Obituary.

"Well" sighed father today, "if I
should die tomorrow I would want the
newspapers to print this obituary:
He was born 68 years ago, enjoyed
life quite well during the first 10 years
and then had to go to work and has
worked like ever since. The funeral
will occur tomorrow."—Atchison
Globe.

Small Girl's Compliment.

We had recently remodelled our
home, making it into a bungalow style,
having a long, sloping roof, with
bungalow windows in it. A little girl
came up to my husband one day and
said to him: "My, you've made your
house over, haven't you? It looks aw-
fully cute. It looks just like a barn,
doesn't it?"—Chicago Tribune.

Famous Mosque of St. Sophia.

Mohammedans reverence Constanti-
nople next to Mecca, and St. Sophia,
or the "Church of the Divine Wis-
dom," holds first rank in the affections
of the faithful. Commenced in the
year 532 A. D. on the site of several
successive Christian churches of the
same name, no fewer than 10,000
workmen are said to have been em-
ployed upon its construction, under
the direction of 100 master builders.

He is an obedient husband, and at his wife's direction waited for her just within the main doors of a down- town department store. He is polite as well as obedient, and so he stood with hat in hand, not noticing a table of free fashion sheets beside him. Women, other than his wife, passed, some of them taking a "sheet" and some of these as polite as he, glanced into his face to remark, "Thank you." He wondered what for, till the wife came.—Indianapolis News.

Unappreciated Sweetness.

My small daughter was staying all
night with her grandmother. After
she had been undressed and was all
ready for bed her grandmother asked
her if she hadn't better kiss her
grandpa, who was sitting near by
reading. He evidently didn't hear and
continued reading while she stood on
her tiptoes smacking her little lips.
Finally she turned, disgusted, to her
grandmother and said, "Oh, I'm wast-
ing 'em!"—Exchange.

Small Girl's Compliment.

house over, haven't you? It looks aw-

doesn't it?"—Chicago Tribune.

T. J. Babcock: "Cannot imagine
anything more to come to unsettle the
stock market except a diplomatic
break with Germany. As practically
everyone expects this, the shock, if it
comes, will be slight. Would take ad-
vantage of breaks from now on to
buy good stocks, especially rails. We
have all the wealth there is in the
world and this will be increased while
the war lasts but at a more moderate
rate than we have been accustomed
to for two and one-half years. The
inflation in many securities has been
corrected and the entire market is
now at a safe and sane level or near-
ly so, in my opinion."

BISHOP HAMILTON TO LECTURE HERE

Bishop John W. Hamilton, of Boston, Mass., will give an address on the night of February 15 at the Daytona Beach Methodist church on the subject, "Some Men of Quality I Have Known in Boston."

Bishop Hamilton is noted country-wide for his good speaking ability and his interesting lectures, as well as his many years of connection with the Methodist church. He is a native of Virginia and is now approaching the age of 72. He graduated from Mt. Union college, O., in 1865 and in the same year was licensed to preach from universities all over the United States. From 1866 to 1893 he was pastor of churches in various cities of the East of which were in Massachusetts. For the following eight years until 1892 he was corresponding secretary of the Freeman's Aid and Southern Educational society and has been a bishop of the Methodist church since 1900. SEABREEZE

Mr. and Mrs. H. F. Butler, of Warren, Ark., came in Thursday afternoon from their home to spend a few weeks visiting with their brother and sister, R. T. Butler and Miss Rhoda at their home on Peninsula drive, Seabreeze.

Mr. and Mrs. R. D. Lydick, of Cleveland, O., arrived Thursday afternoon from their home in Cleveland, O., to spend the winter at the home of their son-in-law and daughter, Mr. and Mrs. Harrison W. Drake, on Live Oak street.

Everett L. Turner, of London, Ontario, Can., is among the recent Seabreeze arrivals. Mr. Turner is now enjoying his first winter at the beach staying at a local hotel. He is a friend of the Hardy family, who lived here three winters ago.

LEAVE FOR SEVERAL WEEKS YACHTING TRIP DOWN COAST

A party consisting of Mr. and Mrs. E. L. King and Mr. and Mrs. Curtis King left Tuesday on the King yacht for a trip of several weeks to Key West and return. They will cruise down the East Coast touching at Miami, Palm Beach and other points.

Enjoying the Opera.

A well-dressed Spaniard, accompanied by six young and pretty Spanish girls, occupied seven seats in the orchestra circle at the Metropolitan opera house, New York, one night. Before the curtain rose, the entire group fell asleep, one after the other, and stayed asleep for two hours. It was a curious sight, and old opera goers said they never knew of the feat being equaled. The Spaniard paid \$21 for the seven seats.

Japanese Courtesy.

An officer in a western reserve bank recently got a package from a Japanese firm and with it the following terse information: "We sorry that we cannot prepay duty, for which please accept, though it we could do so without very much trouble and waste time on mutual part we did so," all of which may be somewhat politely jumbled, though here's a venture that he had no trouble understanding that phrase, "for which please accept."

Paid for Stolen Melon.

A West Virginia man has sent a farmer \$3 in payment for a watermelon he stole 15 years ago. If every boy that ever lived in the country were to develop a conscience like that, the farmers would own most of the money in the world.

Staying-Power Counts.

I have been watching the careers of young men in the city for thirty years and I find that the chief difference between the successful men and the failures lies in the single element of staying power.—Theodore Cuyler

DAYTONA BEACH

Mayor John S. Barbe and Chairman of the Council W. F. Bleekman went over to Sanford today to attend the meeting of the waterways association at the "Celery City." They left prepared to fight for the rights of the East Coast and to present Daytona Beach at the meeting.

Mr. and Mrs. C. H. Backus, of Hampshire Ill., arrived Thursday from a month at the west coast to spend the remainder of the winter at the "real" resort in their Notsobad cottage on Palmetto avenue. They say that the weather has been fine on the opposite side of the state but they are very glad to be home to the beach again to see old familiar faces of friends.

SPECIAL MEETING OF DAYTONA BEACH COUNCIL

The Daytona Beach council held a special session at the town hall last night to take action on the settlement of the Field-Taylor complaint against the town for taking a ten foot strip from each of these properties on Halifax avenue for the purpose of improving the street. The report of Engineer C. M. Rogers was given and the proposition of Frank W. Pope, attorney for Field and Taylor, was accepted. It was moved and carried that the clerk notify the signers of the petition who own property on Halifax avenue, to let the council know what they wished to be done now that it becomes necessary for the town to settle with Messrs. Field and Taylor.

Using Old Bottles.

A bottle may be cut off by wrapping a cord saturated in coal oil around it several times, then setting fire to the cord, and just when it has finished burning plunging the bottle into cold water and tapping the end you wish to break off. Oddly shaped or prettily colored bottles make good vases. The top of a large bottle having a small neck makes a good funnel. Large round bottles make good jelly glasses.

Good to Remember.

Every young man should remember that if his income is just a little above expenses every day, he will eventually become well off. If his receipts daily lack a little of meeting his expenditures, he will in time become a candidate for public favor at the poorhouse. Honest work at any calling and such economy as the case requires is honorable; while idleness and spend thrift habits are a disgrace to anyone, young or old.—New Canaan (Conn.) Advertiser

Facts About Germs.

Experiments show that germs will actually live longer on stone and marble floors than they will on linoleum, except at low temperatures, when the greater cold of the stone floors kills certain microbes which cannot exist in warm temperatures. Moreover, linoleum, though not as cold as stone, is colder than most other floor coverings, and thus has a double effect upon the germs.

Days That Count.

The course of life is a thousand trifles, then some crisis; nothing but green leaves under common sun and shadow, and then a storm or a rare June day. And far more than the storm or the perfect day the common sun and common shadow do to make the autumn rich. It is the "every days" that count. They must be made to tell, or the years have failed.—William C. Gannett

Improving Hardwood Floors.

Hardwood floors can be made much more hygienic by an underlying coat of linseed oil. Even this, however, lacks the essential compound, linocyn, commonly found in linoleum and now known to be a great deterrent of disease.

TRAIN RUNS WILD 30 MILES

Engineer Jostled Off and Killed, but Fireman Is Ignorant of Accident.

Phillipsburg, N. J.—For 30 miles a train on the Lackawanna railroad ran at top speed without an engine driver. Soon after passing through Black Tom, Johnson Shaffer, the driver, climbed out on the running board to make some adjustment in the mechanism. The bumping of the locomotive threw him off and he was killed.

Allen Miller, the fireman, was on his seat on the left side of the cab and did not see Shaffer fall. The train had gone 30 miles before Miller realized that it was making unusual speed. He quickly stopped the train and called the conductor forward. The train then was run into the next station, where messengers were sent back along the line and Shaffer's body was found.

DEER TAKES HIS OWN LIFE

Big Buck Leaps From Ledge to His Death When Pursued by Boys.

Garrison, N. Y.—A stray buck deer, which as a person virtually committed suicide off a 40-foot ledge of rock in Putnam valley near Garrison and hung itself in the branches of a tree today, was turned over to J. A. Barry, game warden. The carcass was found on ground adjoining the summer place of Blanchard Waldo of New York city.

The buck weighed over 300 pounds. When chased by a gang of boys the big fellow lost his head and rushed off the ledge. He plunged down into the branches of a tree and hung there until cut down.

Miss Katherine Stinson, America's greatest female loop-the-loop flyer, bailed recently for Japan and China, where she is under contract to make 20 flights for \$50,000. Miss Stinson will fly a Cresser biplane, of the latest model. On her return, Miss Stinson will, in April, attempt a transcontinental flight from the Pacific coast to the Atlantic. She says it will be based on a four-day basis, and that she is positive she can make the flight in that time. The photo shows Miss Stinson as she boarded a steamer in San Francisco. The bouquet she carries was presented by some of the enthusiastic friends who saw her off to fly in a country where flights have seldom been seen, and are considered heroic exploits. Miss Stinson will be the first woman to fly in China and it is expected that she will crown her efforts with much success. She is not only the youngest aviator but the smallest flyer in the world.

RABBITS TO BE "HOT DOGS"

Texas Plant Soon to Make Animals Into Sausages, Says Commissioner of Agriculture.

Austin, Tex.—A plant for the manufacture of sausages from the meat of the Texas jackrabbit is to be erected soon and put into operation in West Texas, according to an announcement made by Fred W. Davis, state commissioner of agriculture. Promoters of the plant expect to handle most of the annual rabbit crop in their mill.

The Texas state department of agriculture has decided to attempt to create a countrywide demand for rabbit meat.

It is expected that not less than 1,000,000 rabbits, Texas born and reared, will be shipped to New England and eastern markets during the next few months. Commissioner Davis says the rabbits are quoted in some cities at a higher price than turkey or chicken.

THURSDAY AFTERNOON MEETING PALMETTO CLUB

In keeping with a beautiful day, the regular Thursday afternoon meeting of the Palmetto club was a very pleasurable event, and attended by a large number of the club members and their invited guests.

After opening the afternoon with a few introductory remarks by the president, Mrs. Nathaniel C. Sears, several announcements were made by Mrs. W. E. Hitchcock, chairman of the music department. Apropos to the music department, Mrs. Hitchcock spoke of a proposed Spring Music festival on City Island under the leadership of Director Maurice Kirk of the Tucker orchestra, which will require a number of voices, and those wishing to participate may do so by registering with Mrs. Hitchcock who can be found at the Magnolia hotel.

Mrs. Celeste Hinks made announcement of a folk dance which will be given for the benefit of the civic department by the dancing class of Miss Hutchinson in costume on Feb 10th at 2:30 in the afternoon, with a nominal charge for admission.

The program of entertainment was opened by a very fine piano selection given by Miss Lillian Smith.

President Lincoln Hulley, of Stetson university, was then introduced, much to the delight of the gathering, so familiar with his worth and always glad to have the pleasure of an address by this very able gentleman. Dr. Hulley took for his subject, Henry Wadsworth Longfellow, the interpreter and expositor of American ideals, who has been appropriately called "The Poet of the Fireside." It was a charming address told in a charming way. Dr. Hulley first spoke of the true excellence of our beloved poet, whose every verse was so real and true to life, who made his songs of things which came into his life as he lived, day by day. He told of the poet whose pen always narrated themes which could be repeated at the fireside within the circle of the family present, and never a line could be found which could hold any furtive meaning, every line a gleam of sweetness and light. Dr. Hulley, who has a very magnetic personality, stirred his hearers with expressive recitations of some of the poet's best verses. "Excelsior," so full of wondrous worth, was clearly described. "The Arrow and Song," so true to life. "The Psalm of Life," which Dr. Hulley referred to as "the element of the American conscience." Dr. Hulley's wonderfully clear memory was shown by his reciting lengthy stanzas of "Hawatha" and "Evangeline." "The Building of the Ship." Intimate bits of the poet's life were recalled. Old Cambridge was brought to life again, and the immortal Craighouse, which is at the present time occupied by the poet's daughter, "Grave Alice."

When the whole country was celebrating the 75th anniversary of the poet, the joy was plunged into grief by the news of his death. Upon his desk in his library after his passing from this life was found an unfinished poem, the last lines of which were, "out of the darkness of the night, the world rose into light, it was day-break everywhere." These lines he spoke the beautiful mind of Longfellow which even to the last, was keeping with his life and thought. "Longfellow might well be called the

THURSDAY NIGHT CARD PARTY A SUCCESS

A brilliant and enjoyable card party was given in the lobby at the Despland hotel on Thursday evening which was decidedly the biggest affair of this kind that has taken place at the hotel this season. Everybody was playing and everybody seemed to have a good time. When skillful and clever players sit in a card game, scores go high and such it was in this event. Beautiful prizes were given to the holders of the highest count in both auction and five hundred. During the card game fruit punch was served. Noted among the players were Mesdames Cox, Boutlers, Stone, Cable, Holloway, Cornwall, Tripple Beach, Goodsell, Strong, Kimmell, Coleman, Burrows, Parker, Trask.

H. Lollsgard, of the Automobile Blue Book Publishing company, is an interesting guest at the Prince George hotel. Mr. Lollsgard is here in the interests of his company, which is the largest of its kind in the world, having offices in New York City, Chicago and San Francisco. He is enthusiastic over the roads of Florida and thinks it will become the "automobile state of the U. S."

WILBUR BY THE SEA

WILBUR-BY-THE-SEA, Feb. 1.—A congenial party visited the Toronita hotel, consisting of Dr. E. B. Patterson, of Louisville, and a group of his friends. Dr. Patterson, who is a prominent Methodist clergyman, has been pastor of several prominent churches, and has recently returned from abroad.

Judging from the large number of guests at the Toronita hotel, one would think this popular hotel had been running for several years to have such a desirable patronage, instead of only a year.

W. F. Cobb, who has recently bought a new car, is very kindly entertaining his friends with long rides on the beach. Mr. Cobb is one of the pioneers at Wilbur-by-the-Sea and owns a pretty winter residence here.

Miss Piper has several private parties scheduled for the near future. This popular hostelry is a favorite place to entertain one's friends and the Toronita chefs take great pride in pleasing the guests.

A very congenial party of guests and their friends held a marshmallow roast on the beach, Wednesday night, followed by a dance.

Mr. and Mrs. Frank B. Smalley, of Springfield, Mass., are expected at the Toronita hotel to remain for a fortnight. Mr. Smalley is a prominent attorney and states he is desirous of establishing a winter residence in Florida.

Tennis still continues to be popular at Wilbur-by-the-Sea and high scores are piling up. Much interest is being shown in the contest and the players are eager to win the beautiful trophy offered by Mrs. N. Emmons.

It is expected that Captain Crowell will build a magnificent winter residence here this season. Captain Crowell has been in every civilized part of the world, but on reaching here he was so pleased with the location that he immediately bought several desirable building lots and plans to spend his winters here with his family in the future.

A lively group from the Seaside Inn chartered one of the pretty river launches yesterday, and leaving early in the morning, spent the day up the Tomoka. A dainty picnic luncheon was taken and the return was made at sunset, at which time the picturesque beauty of the river is at its height. Those enjoying the happy outing were Mr. and Mrs. C. W. Jordan, Mr. and Mrs. Percy Elphick, Mr. and Mrs. Alonzo McDonald, Miss Sadie McDonald, Mrs. A. Bressler, Mrs. M. Gottfried, son, daughter and governess, Miss Walker, Mrs. Mollie Gay and Mrs. W. R. Milward.

Mr. and Mrs. J. W. Fenn, of Sioux Falls, S. D., have returned to the Clarendon after a short trip to Palm Beach and Miami.

ARTIST PHOTOGRAPHER LAUDS FLORIDA TREE

"Your live oak tree is the most beautiful thing in the vegetable kingdom, and it is this tree and your river scenes that first brought me to Florida," said Wallace Nutting, artist photographer of Framingham Center, Mass., yesterday during an interview with a reporter for the News.

In creating and preserving to future generations his chain of American period houses, Mr. Nutting has given his country a gift of priceless value and to him lovers of pictures owe the exquisite hand colored photographs which Mr. Nutting originated. "After I had received my degree as D. D., my health gave way and the doctors turned me out into the open," he continued. "My art studies at college made it possible for me to understand better the possibilities of artistic photography than the average maker of pictures, so I turned naturally to the out of doors to get my scenes. When winter came and rain and snow put an end to my nature work, I wondered what I could do with interiors and so commenced my interior photography, which eventually inspired my chain of period houses, the original idea being to supply backgrounds for my pictures." According to Mr. Nutting the artistic American home reached its climax during 1760 and has since steadily declined, and "The American home of today is a chaos of poor taste and impossible horrors," as the photographer phrases it.

There are five houses in the Nutting chain. "The Hazen," Garrison House, at Haverhill, Mass., built during 1680; the "Broadhearth," Saugus Center, Mass., built 1646; "Hospitality Hall," Wethersfield, Conn., which dates back to 1752; the "Wentworth-Gardner House," Portsmouth, N. H., built 1760; the "Cutler-Bartlett House," Newburyport, Mass., built 1782, and each is a perfect reproduction of the best of the period. First finding a house typical of the style of architecture of that time, Mr. Nutting then commenced the furnishing of the interior, spending thousands of dollars in his efforts to create a perfect reproduction. In one of the houses \$10,000 was spent to place the proper furniture in two rooms, every piece being an antique, which rule is followed in all of the homes.

Mr. Nutting photographs all of his out of door scenes himself, and designs the color model, a glorified platinum, for each scene. In his studio in Framingham Center there are 100 men and women, who are constantly at work on the exquisite pictures, now found in every home in America with

Mr. Nutting, who with Mrs. Nutting
is a guest at the Clarendon, is on his
third trip to Florida, his first visit
having occurred seven years ago when
he came to photograph Florida scenes,
especially the Halifax and Indian riv-
ers. He has made pictures in twenty-
three states in America and ten for-
eign countries, having landed in New
York from England the day war was
declared, after a tour of 10,000 miles
during which he took over 2,000 pic-
tures. From Seabreeze Mr. and Mrs.
Nutting will go to Palm Beach for a
short stay, again stopping at the Clar-
endon en route home.

Eric Barron, of Londong, England,
who came to the Clarendon from
Palm Beach several days ago, has re-
turned north.

An interesting group at the Clar-
endon are Mr. and Mrs. Alvah Miller
and Miss Marguerite A. Miller, of
New York City; Mr. and Mrs. G. H. P.
Gould, Miss Eleanor Gould and Miss
Laura Lennox, of Lyons Falls, N. Y.,
and J. S. McCaw, of Watertown, N. Y.
The party will visit all the east coast
resorts their return north.

A dinner party noted at the Clar-
endon Wednesday night was composed
of Dr. and Mrs. Robert McKay, Rev.
and Mrs. Robt. McKay, Mr. and Mrs.
W. C. McCormack and Mrs. J. H.
Cornwall.

Mr. and Mrs. A. H. Noah, well known
society people of Akron, Ohio, are late
guests at the Clarendon, who have
come for the remainder of the season.

Leroy Soler's 12-cylinder Packard,
with specially designed body, is one
of the most striking cars at the Clar-
endon, and the big grey machine is
usually filled with a gay group of
college people. Wednesday afternoon
Mr. Soler had as his guests on a
motor trip to Ormond, Miss M. B. Rice,
Miss Delta Rice and Russell N. B.
Ray.

"Forward car without delay," wired
Oliver Crosby to St. Paul, Minn., after
a late breakfast ride on the beach
Wednesday morning. Mr. Crosby, ac-
companied by Mr. B. B. and Mrs. B. B.,
arrived at St. Paul, Minn., on Tuesday
night, and on Wednesday morning
wired to the Clarendon, "I saw
your wonderful beach," said Mr. Crosby.

Miss Dora and Miss Helen Johnson
had as their guest for luncheon at the
Clarendon Wednesday, Miss Lois
Breckenridge.

Still another automobile party has
been added to the countless number
already at the Clarendon in the arriv-
al Wednesday of Mr. and Mrs. John
W. Grant and Mr. and Mrs. E. H. In-
man, of Atlanta, Ga., who are decided
additions to the hotel life.

Mr. and Mrs. Martin H. Hall and
little son, Bruce Ward Hall, and maid
arrived Wednesday from Garden City,
N. Y., and will spend the greater part
of the season at the Clarendon.

Mr. and Mrs. A. Clark McKeel, of
Montreal, have joined the Canadian
colony at the Clarendon for a several
weeks' stay.

After dancing in the ball room of
the Clarendon Wednesday night there
were several motor parties on the
beach. In Leon Slack's car were Miss
Helen Johnson, Miss Dora Johnson,
Miss Pauline Fryburg and Russell N.
B. Ray.

Services at the Clarendon held every
Sunday afternoon during the season
at 5:00 o'clock in the music room will,
as usual, be conducted by Canon Mc-
Grath, of the Ormond Episcopal church.

HARRIS IMPROVING IN FLORIDA CLIMATE

Under the stimulus of the Florida climate, Norman Wait Harris, president of the Harris Trust & Savings bank, Chicago, and authority on international law, who came to Seaside several weeks ago to recuperate from illness brought on by nervous strain, is rapidly improving and will remain for the season at the Clarendon. One of the foremost philanthropists of today, Mr. Harris stands apart and his figure is a dominant factor in the world of letters as it is in financial circles. He is president of the trustees of the Chicago Training School for Home and Foreign Missions, the largest institution of its kind in the country. The Harris Hall of Political Science and History was named in honor of Mr. Harris, who gave the fund with which it was erected and its contributions to universities and charitable organizations exceed a half million dollars. It must be said of the great financier and philanthropist that he has solved the oft discussed problem of "the greatest good to the greatest number." A descendant of the 39th generation of the illustrious Frankish king and Roman emperor by his wife, Hildegard, directly descended from the Fair Maid of Brabant, who married Henry I, king of England, the romance of the days of chivalry and knighted climes about the figure of this distinguished man whose achievements are countless. Mr. and Mrs. Harris will not return north until March.

Over-indulgence in hope. Used with due abstinence, hope acts as a healthful tonic. Indiscreetly indulged, as an enervating opiate. The vision of future triumph which at first animates exertion, if dwelt upon too intensely, will usurp the place of the stern reality, and noble objects will be contemplated, not for their own inherent worth, but on account of the day dreams they engender. Thus hope, aided by imagination, makes one man a hero, another a somnambulist and a third a lunatic and all enthusiasts.—Stephen.

Remove Temptation. Little Eugene, aged three years, who is just beginning to learn he should not eat cake before his meal, was seated at the evening meal when all of a sudden he saw a cake on the buffet and remarked, "Oh, my gosh, how up dat cake tuf I eat my tatoes!"

True Friend a Constant Delight. A true friend embraces our objects as his own. We feel another mind bent on the same end, enjoying it, insuring it, reflecting it and delighting in our devotion to it.—William Ellery Channing.
